

SHOES

High-top design built around Impact's new shoe last that surrounds your foot with a new level of comfort while providing the precision and control necessary for racing.

Super-padded tongue and ankle collar for comfort and support

Adjustable ankle strap for a custom fit

Dual lacing system (speed or standard) provides precision fit for narrow or wide feet

Velour suede exterior provides a rich finish and durable wear

Reinforced, perforated-suede side and heel panels protect in high abrasion areas. The perforation allows the leather layers to breathe

Plush knit fire-resistant interior with complete footbed anatomical support

Impact's aggressive sole design gives positive pedal control and feel with grooved bypass channels that allow air to pass under the sole
